

YEAR 6 – 3 DAY CLOSURE PACK

DAY 1:

Grammar – please complete the grammar and punctuation test 1

Reading comprehension – read and answer the questions about the fiction text ‘Moonfleet’

Maths – complete the activity involving multiplying fractions

Science – Philip Cox made sculptures of animals including tigers. Use your sketching skills to draw a picture of a real tiger. You can use the square grid to help you or draw freehand

DAY 2:

Grammar – please complete the grammar and punctuation test 2

Reading comprehension – read and answer the questions about the non-fiction text ‘Endangered’

Maths – complete the activity involving dividing fractions

PSHE – you have been looking at different types of careers and employment. Complete the sheets about your best qualities and skills and then think how they could be used in your dream job.

DAY 3:

Grammar – please complete the grammar and punctuation test 3

Reading comprehension – read and answer the questions about the poem ‘The charge of the light brigade’

Maths – complete the word problems involving converting units of measure

Science – complete the activity matching animals and statements together to show habitat and adaptive traits. Then look at the pictures of the parents – imagine they have 3 children – what different characteristics might they inherit from their parents?
